

**Roman Vasiliev**

**Commercial Director, BGS Rail**

After graduating in 2009 from the Donetsk Institute of Railway Transport, Faculty of Organization of Transportation and Management in Railway Transport, specializing in the organization of transportation and management of railway transport, Roman Vasiliev began his career in the railway industry as a Duty officer at the contiguity of "Zapadnaya" park, Rutchenkovo station.

However, a couple of years later, he was appointed as a Head of the Krasnogorovka station, where he worked until 2012.

In 2012, R. Vasiliev continues his career at the Donetsk Railway State Enterprise as the Head of the technological laboratory for the development of unified technological processes for access roads.

In 2013 he moved to a large private transport and forwarding company in Ukraine "Lemtrans", where he has been working for 4 years.

In 2017, he was invited to take the position of Deputy Director for Logistics at TEK Energotrans LLC.

Since 2019, Roman has continued his career in the international Ukrainian company BGS Rail - a provider of solutions for rail transportation, maintenance, support and infrastructure, a member of the Lithuanian group Avia Solutions.

Since 2020 Roman Vasiliev has become a Member of the Board of Directors of the company along with Director Darius Zakarauskas and American diplomat, independent Member of the Board of Directors of BGS Rail, Kurt Walker.
